

Showcase Art Camp (Ages 6-8)

Drawn From the Wild: Explore the wild side of art! Campers will learn about artist Frida Kahlo and her love of animals and nature, then create 2D and 3D artworks inspired by wildlife and her vibrant style. This camp focuses on hands-on creativity, imagination and bringing animals to life through art. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.

The Art of Nature: Create with nature as your inspiration! Campers will explore natural themes through observation and imagination, then bring their ideas to life. Students will create engaging 2D and 3D artworks using a variety of materials while discovering how the natural world can inspire and shape their art making. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.

Garden Discoveries: Step into a world of beauty inspired by gardens! Campers will explore garden themes through imagination and guided art making in the studio. Inspired by artists like Claude Monet and his love of gardens and light, students will create 2D and 3D projects that encourage observation, creativity and discovery as they bring their own garden-inspired artworks to life. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.

Art in the Village: Explore the spirit of a village through the eyes of an artist! Campers will imagine and design their own versions of a community, thinking like urban artists, designers, muralists, and architects. Through a variety of hands-on studio projects, students will create artwork inspired by community spaces and public art and share their creativity through collaborative and imaginative art making. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.

Sculpture Safari: Set out on a creative adventure into the world of 3D art! Campers will explore sculpture concepts through hands-on studio projects, learning about form, materials and structure while thinking like sculptors. Inspired by public art and the world around them, students will create their own 3D artworks and discover how shapes come together to build dynamic sculptures. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.

Fields of Inspiration: Explore the beauty of fields and farms through art! Campers will use observation to create still life and nature-inspired artworks influenced by artists like Vincent Van Gogh and Paul Cézanne. Through a variety of hands-on projects, students will study color, shape and composition while transforming everyday farm and field imagery into expressive creations. The week concludes with an artist showcase where campers share their artwork and celebrate their creativity with family and friends.
